

Practicing circles

Connect the dots to complete the picture.
Start at each big dot, and follow the arrow.

Practicing circles

Connect the dots to complete the picture.
Start at each big dot, and follow the arrow.

In this activity, your child practices forming a counterclockwise circle, which will give him or her confidence when creating rounded letter shapes. Your child may find it quite natural to draw a circle, but it is important that he or she begins on the big dot and follows the arrow around in a counterclockwise direction. It might help to practice this movement with a finger and then on some scrap paper before tackling the activity on the page.
