Using doubles

Use the doubles to find the answers.

6 + 6 = 12	10 + 10 = 20
$6 + 7 \\ 6 + 6 + 1 = 13$	$10 + 11 \\ 10 + 10 + 1 = 21$
6 + 5 $6 + 6 - 1 = 11$	$10 + 9 \\ 10 + 10 - 1 = 19$

Use doubles to find the answers.

$$7+6= \boxed{ } + \boxed{ } -1= \boxed{ }$$

$$8 + 7 = \boxed{ } + \boxed{ } - 1 = \boxed{ }$$

Double your doubles.

Using doubles

Use the doubles to find the answers.

6 + 6 = 12	10 + 10 = 20
6 + 7 $6 + 6 + 1 = 13$	$10 + 11 \\ 10 + 10 + 1 = 21$
6 + 5 6 + 6 - 1 = 11	$10 + 9 \\ 10 + 10 - 1 = 19$

Use doubles to find the answers.

$$4 + 3 =$$

$$7 + 7 = 14$$

$$7 + 8 =$$

$$7 + 6 = | 7 |$$

$$-1 = | 13$$

$$8 + 8 = 16$$

$$8 + 9 = 8$$

$$| + 1 = |$$
