Subtracting three-digit numbers ★

Write the difference between the lines.

```
  3 11              6 10 11
  4̸1̸5              7̸1̸1̸ m
– 152            – 392 m
  263              319 m
```

Write the difference between the lines.

```
  524 m            319 m            647 ft           915 yd
– 263 m          – 137 m          – 456 ft         – 193 yd
```

```
  714              926              421              815
– 407            – 827            – 355            – 786
```

Write the difference in the box.

512 – 304 =

648 – 239 =

831 – 642 =

377 – 198 =

Write the difference between the lines.

```
  423              615              312              924
– 136            – 418            – 113            – 528
```

Write the missing number in the box.

```
  7 2 3            5 ⬚ 2            8 3 ⬚            5 3 2
– 1 2 ⬚          – 3 1 7          – 2 5 7          – ⬚ 5
  5 9 5            2 4 5            5 7 7            3 4 7
```

Find the answer to each problem.

A theater holds 645 people. 257 people buy tickets. How many seats are empty?

There are 564 people in a park. 276 are boating on the lake. How many are taking part in other activities?

Subtracting three-digit numbers ☆

Write the difference between the lines.

```
    3 11                6 10 11
   4̸1̸5               7̸1̸1̸ m
 − 1 5 2            − 3 9 2 m
   263                319 m
```

Write the difference between the lines.

```
  524 m        319 m         647 ft        915 yd
− 263 m      − 137 m       − 456 ft      − 193 yd
  261 m        182 m         191 ft        722 yd

   714          926           421           815
 − 407        − 827         − 355         − 786
   307           99            66            29
```

Write the difference in the box.

512 − 304 = 208   648 − 239 = 409

831 − 642 = 189   377 − 198 = 179

Write the difference between the lines.

```
   423          615           312           924
 − 136        − 418         − 113         − 528
   287          197           199           396
```

Write the missing number in the box.

```
  7 2 3        5 6 2         8 3 4         5 3 2
− 1 2 8      − 3 1 7       − 2 5 7       − 1 8 5
  5 9 5        2 4 5         5 7 7         3 4 7
```

Find the answer to each problem.

A theater holds 645 people. 257 people buy tickets. How many seats are empty?   388 seats

There are 564 people in a park. 276 are boating on the lake. How many are taking part in other activities?   288 people

If children have difficulty with the section on missing numbers, have them use trial and error until they find the correct number. Encourage them to use addition and subtraction fact families to find the number.
