Mixed tables

Divide the 12 pennies equally. Draw the coins
and write the problem to show how many each person gets.
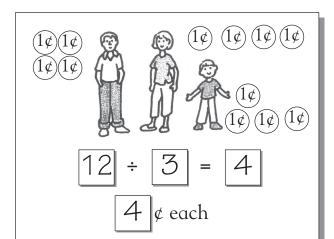

$$12 \div 3 = 4$$

4 ¢ each

$$\boxed{} \div \boxed{} = \boxed{}$$

$\boxed{}$ ¢ each

$$\boxed{} \div \boxed{} = \boxed{}$$

$\boxed{}$ ¢ each

$$\boxed{} \div \boxed{} = \boxed{}$$

$\boxed{}$ ¢ each

$$\boxed{} \div \boxed{} = \boxed{}$$

$\boxed{}$ ¢ each

Mixed tables

Divide the 12 pennies equally. Draw the coins
and write the problem to show how many each person gets.

$$12 \div 3 = 4$$

4 ¢ each

$$12 \div 2 = 6$$

6 ¢ each

$$12 \div 6 = 2$$

2 ¢ each

$$12 \div 1 = 12$$

12 ¢ each

$$12 \div 12 = 1$$

1 ¢ each
