Place value

12,645 is the same as:
1 ten thousand, 2 thousands, 6 hundreds, 4 tens, 5 ones
or
12,645 is the same as 10,000 + 2,000 + 600 + 40 + 5

Write the correct number in the space.

$7,945 = 7,000 + 900 + 40 +$ ___5___ $6,312 = 6,000 +$ _____ $+ 10 + 2$

$4,749 = 4,000 + 700 +$ _____ $+ 9$ $5,263 = 5,000 + 200 +$ _____ $+ 3$

$8,294 = 8,000 +$ _____ $+ 90 + 4$ $13,742 = 10,000 + 3,000 +$ _____ $+ 40 + 2$

$2,176 = 2,000 +$ _____ $+ 70 + 6$ $17,375 = 10,000 +$ _____ $+ 300 + 70 + 5$

$7,264 =$ _____ $+ 200 + 60 + 4$ $14,286 =$ _____ $+ 4,000 + 200 + 80 + 6$

Write the number that is the same as:

Six thousand, two hundred eighty-four   _____

Twelve thousand, one hundred sixty-nine   _____

Fifteen thousand, eight hundred seventy-two   _____

Two thousand sixty-six   _____

Seventeen thousand, four hundred twenty-seven   _____

Nine thousand forty-three   _____

Sixteen thousand, two hundred ten   _____

Twenty-one thousand three   _____

Eleven thousand eleven   _____

Thirteen thousand thirty-eight   _____

Look at these numbers: 6 8 3 0 7

Arrange these digits to make the largest number you can.   _____

Arrange these digits to make the smallest number you can.   _____

Place value

12,645 is the same as:
1 ten thousand, 2 thousands, 6 hundreds, 4 tens, 5 ones
or
12,645 is the same as 10,000 + 2,000 + 600 + 40 + 5

Write the correct number in the space.

7,945 = 7,000 + 900 + 40 + 5   6,312 = 6,000 + 300 + 10 + 2

4,749 = 4,000 + 700 + 40 + 9   5,263 = 5,000 + 200 + 60 + 3

8,294 = 8,000 + 200 + 90 + 4   13,742 = 10,000 + 3,000 + 700 + 40 + 2

2,176 = 2,000 + 100 + 70 + 6   17,375 = 10,000+ 7,000 + 300 + 70 +5

7,264 = 7,000 + 200 + 60 + 4   14,286 = 10,000 + 4,000 + 200 + 80 + 6

Write the number that is the same as:

Six thousand, two hundred eighty-four   6,284

Twelve thousand, one hundred sixty-nine   12,169

Fifteen thousand, eight hundred seventy-two   15,872

Two thousand sixty-six   2,066

Seventeen thousand, four hundred twenty-seven   17,427

Nine thousand forty-three   9,043

Sixteen thousand, two hundred ten   16,210

Twenty-one thousand three   21,003

Eleven thousand eleven   11,011

Thirteen thousand thirty-eight   13,038

Look at these numbers: 6 8 3 0 7

Arrange these digits to make the largest number you can.   87,630

Arrange these digits to make the smallest number you can.   30,678

Again, make sure that children understand the use of zeros in numbers. For
example, children should understand that they should not write 03,678 or 36,780
as the answer to the final question of the page.
